CVMA joining us on track!

We are anticipating a group of CVMA members to join us for June as part of their “Summer 2026 Road trip”. We’re very much looking forward to adding them to the grids and showing us, what California racers can bring to the competition... or rather, see if they can keep up! If you see them in the pits, please give them a warm WMRRR welcome!

Things to Remember for Round 4:

- 1) **Rotating Race Schedule-** Remember to check the Race Schedule once it’s posted as it will have changed from previous rounds—especially if you’re letting your family/friends know when you’re racing!
- 2) **Roving Tech:** This was a big hit in April, and we’ll be doing it again in June! Add it to your order when you register, and stay in the comfort of your pits!

If you have any questions regarding this please reach out to Chief Tech Inspector Paul McComsey at chieftech@wmrra.com

2027 Rule Book Submissions

We’re almost half way through our season. Do any of you have questions regarding the rule book or suggestions for things you’d like to see changed?

The rule book is member driven. Meaning changes come from your suggestions. Rule book submissions are accepted year-round but we typically cut off suggestions for the following year’s rule book in October.

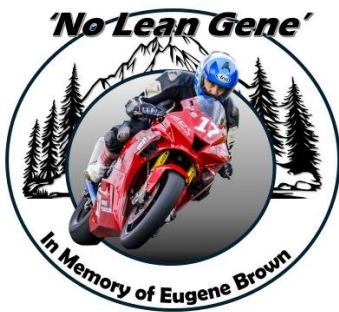

You can contact your referee directly via referee@wmrra.com if you want to discuss or ask questions. If you have an actual proposal for a change, please submit to both referee@wmrra.com and secretary@wmrra.com.

Proposals must include:

- a. The section and paragraph number(s) that the rule change affects.
- b. The exact text of the proposed change and the existing rulebook text.
- c. The reason for the change, and any other supporting discussion or documentation.
- d. The name of the person submitting the proposal.

T-Shirts: We have a few T-shirts still available for this year. Get yours before they're gone! Purchase them at registration, \$25.
